SANJANA BHALEKAR

SOFTWARE DEVELOPER | FRESHER

sanjanabhalekar620@gmail.com| +919767673488| https://www.linkedin.com/in/sanjana-bhalekar-985a69265// | https://github.com/Sanjanabhalekar07

PROFESSIONAL SUMMARY

MCA postgraduate with a strong foundation in Core Java, JavaScript, Node.js, SQL, HTML, CSS, and web development. Skilled in developing and debugging applications, designing REST APIs, working with databases, and applying programming concepts to real-world projects. Familiar with Git, GitHub, MongoDB, Express.js, React.js, and Spring Boot. Strong problem-solving and communication skills, with a keen interest in starting a career as a Software Developer and contributing to scalable, user-focused applications.

TECHNICAL SKILLS

Languages: JavaScript, Core Java

Backend: Node.js, Express.js, Rest APIs, CURD Operation

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap

Databases: MongoDB, MySQL

Authentication & Security: JWT, Authentication & Authorization, Password Hashing

Development Tools: VS Code, Postman, Git, GitHub, GitLab, Docker

Frameworks & Libraries: Spring Boot, Express.js, Mongoose, React.js

AI-Assisted Development Tools: Claude, Copilot, Gemini Pro

API & Web Development: RESTful APIs, HTTP Methods, JSON, Request & Response Handling, API Integration

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, MVC Architecture, Asynchronous Programming, Database Management, Error Handling, Debugging.

INTERNSHIP EXPERIENCE

Adnecto Technology Pvt. Ltd – Full-Stack Developer Intern

Kannur, Kerala (Remote) | 3-Month Internship |

[Sep-2026] – Present

PERSONAL PROJECTS

1. **Campus Care (Grievance Management System)**

- Developed a centralized platform for submitting and tracking college grievances.
- Implemented **User, Admin, and Department modules** for complaint management.
- Added complaint categorization, status tracking, and resolution features.
- Implemented **CRUD operations** for managing user and grievance data.
- Developed an **Admin Dashboard** to monitor and assign complaints.
- Tested APIs using **Postman** and fixed functional issues.

Technologies: React.js, Java, Spring Boot, MySQL, HTML, CSS, JavaScript, Postman

2. RESTAURANT TABLE BOOKING SYSTEM

• Developed a web-based restaurant table booking system to simplify online table reservations.

• Implemented user registration, login, and table booking functionalities.

• Designed a booking system to manage table availability and reservation details.

• Implemented CRUD operations for managing users, tables, and bookings.

• Developed an admin module to manage reservations, tables, and customer details.

• Integrated database functionality for storing and retrieving booking information.

• **Tech Stack:** PHP, MySQL, HTML, CSS, Bootstrap, JavaScript, XAMPP

EDUCATION QUALIFICATION

Master of Computer Applications **(MCA)** 2024 – 2026
[RTMNU]
CGPA: 7.17

Bachelor of Science in Information Technology **(B.Sc. IT)** 2020 – 2023
[University/College Name]
Percentage: 75%

ADDITIONAL INFORMATION

Languages – English, Hindi, Marathi

Certifications – • Java Programming Certification — [Apna College], 2026 • Web Development Certification — [Apna College], 2026

Awards/Activities- • Selected as a Semi-Finalist in Super Model Maharashtra 2026. • Participated in academic seminars and technical presentations during MCA.
